

# Centrestage Theatre Parking

Centrestage Theatre has over 60 dedicated, free carparks at the rear of the building.

Access to the Theatre and carparking is off Centreway Road.

Look for signage for Centrestage Theatre (Billboard) and Nexus Business Park.

Travel along the driveway and round to the left, drive along the side of Centrestage Theatre and follow parking signs, to the two carparks situated at the rear of the theatre.

There is one small carpark, immediately adjacent to the back of the theatre, then two long rows of parking which are beside the grassed area.

These are the Theatre's carparks.

If these are full on your arrival, you will need to find a car park on Centreway Road.

All other car park spaces around the Nexus Business Park are subject to Tow Away.

Some parks in the Business Park may be available for parking on weekends and after business hours, if they are not signposted as 24/7 tow away, but you do so at your own risk.

The Theatre accepts no responsibility for patrons parking or damage incurred in any of the carparks.
